STEPS

1. **PREPARE:** Always work in a well ventilated area. Gently clean the mailbox by wiping with a clean, lint free rag. Cover the surrounding area with a drop cloth and mask any areas, if necessary. Remove flag and gently sand the entire mailbox. Clean with soap and water, rinse and let dry.
2. **PAINT:** Shake can of Rust-Oleum Vintage Metallic Rose Gold spray paint for 1 minute after the mixing ball begins to rattle. Hold the paint can 12-14" from the surface. Apply 1-2 light coats a few minutes apart. Spray in a steady back-and-forth motion, slightly overlapping each stroke. Remove mailbox flag and paint in a corresponding color, for a tone-on-tone effect, such as Rust-Oleum Bright Coat Metallic Gold, if desired. Allow to dry and reattach.
3. **FINISH:** Allow to dry for 24 hours. Stage the finished product for your special event and enjoy.

Always thoroughly review directions on the package before using any product.
